Sustainable Gastronomy Day

The General Assembly,

Reaffirming its resolution 70/1 of 25 September 2015, entitled "Transforming our world: the 2030 Agenda for Sustainable Development", in which it adopted a comprehensive, far-reaching and people-centred set of universal and transformative Sustainable Development Goals and targets,

Acknowledging that gastronomy is a cultural expression related to the natural and cultural diversity of the world, and reaffirming that all cultures and civilizations can contribute to and are crucial enablers of sustainable development,

Affirming the need to focus the world's attention on the role that sustainable gastronomy can play, owing to its interlinkages with the three dimensions of sustainable development, in achieving the Sustainable Development Goals, including by promoting agricultural development, food security, nutrition, sustainable food production and the conservation of biodiversity,

Reaffirming its resolutions 53/199 of 15 December 1998 and 61/185 of 20 December 2006 on the proclamation of international years, and Economic and Social Council resolution 1980/67 of 25 July 1980 on international years and anniversaries, particularly paragraphs 1 to 10 of the annex thereto on the agreed criteria for the proclamation of international years, as well as paragraphs 13 and 14, in which it is stated that an international day or year should not be proclaimed before the basic arrangements for its organization and financing have been made,
